Benefits

All-Aluminium System: Constructed entirely from aluminium, this system offers outstanding longevity and is easy to maintain.

Sliding Glass Doors: Fitted with sliding glass doors that can fully open in favourable weather conditions and securely close when it's colder, providing flexibility and comfort throughout the seasons.

Variable Roof Pitch: Setting this design apart from most roof kits that offer only a fixed pitch, our model features an adjustable pitch ranging from 2.5 degrees to 22.5 degrees, offering enhanced adaptability.

Three Roof Options: Choose from 6mm clear toughened glass or 6mm toughened self-cleaning glass. The self-cleaning option that benefits from a UV-activated coating which actively breaks down organic dirt. Tinted Glass options are also available.

Features

Glass Roof Panels: The roof can be covered with a choice of 6mm glass and 6mm toughened, self-cleaning glass that achieves Class 1 BS EN 12600 for impact resistance.

Low Maintenance: Particularly if the self-cleaning glass is chosen, less cleaning is required, saving you time and money.

Integral Guttering: Creates a sleek, modern design which is stronger than external guttering systems and saves time on installations.

Simple Fixing System with Minimal Parts: Our simplest fixing system yet.

Sliding Glass Doors: Enclosed with sliding glass doors that can be completely opened in pleasant weather conditions and closed on colder days.
